| Summary

Software Engineer with 2+ years of experience in full-stack web and mobile application development, with core expertise in Native PHP and the Laravel ecosystem. Proficient in architecting robust backend systems, managing database design (PostgreSQL, MySQL), and crafting responsive UI/UX using React and Flutter. Proven track record in engineering multi-tenant web platforms, containerized deployments (Docker), and high-converting, SEO-optimized business applications.

| Skills

Languages: PHP (Native), Dart, JavaScript, Kotlin, Python.

Frameworks/Libraries: Laravel, Flutter, React, Angular, Node.js.

Tools & Technologies: PostgreSQL, MySQL, Docker, Git, RESTful APIs, Firebase.

Core Competencies: Responsive Web Design, Mobile App Development, UI/UX Design, SOLID Principles, CCNA (Networking).

| Experience

Freelance Web Developer | Self-Employed 2024 – Present

- Architected and deployed production business sites ([jasaahlikunci.com](#), [jasaahlikunci.com/bandung](#), [jasaahlikunci.web.id](#)) using modern web frameworks, integrating local SEO & SEM tracking to drive qualified customer leads.
- Developed robust back-end architectures utilising PHP Native, the Laravel ecosystem, and PostgreSQL, fully containerised using Docker.

PT Kinema Systrans Multimedia | Independent Study (Full-Stack & UI/UX) | Feb 2026 – Jun 2026

- Collaborated in a cross-functional Agile team to design and build KoopCare, an end-to-end web and mobile platform for digital cooperative management.

- Designed interactive prototypes in Figma and engineered responsive web interfaces adhering to accessible UI/UX standards.

CV Mitra Total Solution | Junior Software Engineer 2022 – 2023

- Engineered responsive Web UI and multi-tenant registration flows for PPDB AI Kahfi, streamlining student onboarding and reducing registration drop-off.
- Designed and implemented the Android UI for Hang Mobile, focusing on intuitive navigation and responsive layouts.
- Collaborated on the Mid Wiyata project, delivering high-fidelity Web UI/UX designs that met specific client requirements.
- Worked within a cross-functional team to translate complex requirements into functional code and elegant user interfaces.

| Education

Universitas Putera Batam, Batam, Indonesia

Bachelor of Science in Information Systems (Candidate)

GPA 3.73/4.00

Expected Graduation: 2027

State Vocational School 7 Batam (SMKN 7 Batam)

Vocational Diploma in Software Engineering Jul 2020 – Apr 2023

| Certifications

The Program Mandiri Batch 10 - Full-Stack Website Development & UI UX Design (2026)

CCNA: Switching, Routing, and Wireless Essentials (2026).

Python Programming Essentials (PPE) with Gen AI Tools – Casugol (2025).

SOLID Programming Principles – Dicoding Indonesia (2024).

Flutter Application Development – Dicoding Indonesia (2024).
